## Emergency Information

### Other important information to take note of:

Should travellers encounter difficulties with traffic police or other authorities en route to their destinations, particularly if these officers are attempting to illicit bribes or are threatening, you are advised to do the following:

- Be as cooperative as possible
- Insist on a written or officially printed fine
- Don't pay the fine to the police officer unless they are able to issue an official receipt. If not, please insist on being taken to the nearest police station to make payment and get an official receipt; stamped if possible.
- If the police/traffic officers request a bribe, ensure that you take the name of the officer, his badge number, if there is a vehicle there take down the registration number and ensure that the location and time of the road block / traffic stop is noted. Without this information there can be no recourse.
- Do not pay the bribe!
- If in Mozambique, report this to the SA High Commission or pass it on to MCLI to take up. If police insist on escorting you to the nearest police station (the escort may often not be the closest police station), or if you are unsure of the legitimacy of the charge, call the SA High Commission in Maputo for advice or assistance on +258 21 243 000 or their after-hours duty officer on +258 84 304 4600.
- If in South Africa, the same principles apply and incidents should be reported to the Mpumalanga Traffic Department on +27 13 762 5600 or their hotline on 0800 202 775
- TRAC Help Desk (N4 and EN4 Only) – If you are involved in an accident, have a flat tyre, overheated engine or smashed windscreen, dial (numbers below) for assistance from the TRAC rescue team nearest to you.
- The IOMs Southern African Counter-Trafficking Assistance Programme (SACTAP): International Organization for Migration (IOM) Regional Office for Southern and East Africa IOM Pretoria: +27 12 342 2789 IOM Maputo: +258 21 310 779
